EDUCATION

Bachelors in Technology

K.J.Somaiya College of Engineering

2016 – Present

8.03

H.S.C.

Birla College

2014 – 2016

87.54%

PROJECTS

Dace web app

- Dace is a face detection web app built entirely on react. Simply upload a photo and this app uses face recognition to extract all of the faces in the photo and ranks users based on no. of uploads.

BeLive web app

- Designed for people who are depressed or suicidal, the BeLive app trains users to recognize suicide warning signs in themselves and others.
- The app also has a chat-bot which is trained to recognize such people and provide appropriate help.

Mini Apps

- Clima app (Detects current temperature of any location)
- X/O app (Basic app to play X/O)
- Quiz app (Basic app with 10-12 C++ questions)
